

For Your Glory

Verse 1

Putting off the things of the past
I press on to the life you have for me
Letting go of all I've done
I surrender

Chorus

You are everything I live for
You are the strength inside of me
I am nothing without You Lord
You are the one who set me free

So I live to worship You God
You are the only one I seek
Your love is greater than anything
That I could ever know

Verse 2

I reach out to You always
Just as You reached out to save me
Keeping focused on Your goal
I won't turn back

Bridge

I'm living for your glory
I'm living for your glory
