

## Hope Uprising

Verse 1                    |D            |            |D<sup>sus4</sup>    |            |  
It's a new day / My hope is revived in You  
                              |D            |            |D<sup>sus4</sup>    |            |  
I am strengthened / As I praise  
                              |D            |            |D<sup>sus4</sup>    |            |  
I am saved by grace / Justified by faith  
                              |D            |            |D<sup>sus4</sup>    |            ||  
I will persevere / As I wait on You

Chorus                    |G            |            |A            |            |  
This is hope uprising / We rejoice in You  
                              |G            |            |A            |            |  
We are living for Your cause  
                              |G            |            |A            |            |  
This is love in action / We rejoice and sing  
                              |G            |            |A            |            ||  
For the hope we have in You

Verse 2                    |D            |            |D<sup>sus4</sup>    |            |  
I will not fear / Your hope will not disappoint  
                              |D            |            |D<sup>sus4</sup>    |            |  
You are my refuge and my salvation  
                              |D            |            |D<sup>sus4</sup>    |            |  
We are people of hope / We're assured in You  
                              |D            |            |D<sup>sus4</sup>    |            ||  
As you work in us we rise up

Bridge                    |Bm            |            |  
Christ in me the hope of glory  
                              |G            |            |  
Christ in me the hope of glory  
                              |A            |            |G            |            ||  
Christ in me hope uprising
